

HEAVYWEIGHT LINERS

These Heavyweight Liners come in 48 stock sizes, and are designed to fit different capacity cans and containers ranging from 7–60 gallons. These polyethylene liners are stocked in gauges from 1.5–6.0 mil and are engineered to provide over three times the impact and twice the tensile strength of traditional low-density polyethylene bags. Designed for heavy loads and puncture resistance, these heavyweight bags can be used to dispose of construction debris, broken glass, lawn trimmings, and other refuse with sharp corners and edges.

PRODUCT FEATURES

- ▶ 1.50–6.0 mil polyethylene
- ▶ Three times the impact and twice the tensile strength of traditional low-density polyethylene bags
- ▶ Black and clear bags available in each size
- ▶ Custom sizes available up to 70" wide, in gauges of .75–8.0 mil

LINEAR LOW-DENSITY LINERS

Our Linear Low-Density (LLD) Liners come in 46 stock sizes, and are designed to fit different capacity cans and containers ranging from 4-60 gallons. These polyethylene liners are stocked in gauges from .48-1.30 mil, and liners over 31" long are star-sealed for extra strength. Manufactured for puncture resistance and flexibility, these LLD bags can be used to dispose of lawn debris, broken glass, rough food waste and general office refuse.

PRODUCT FEATURES

- ▶ .48-1.30 mil polyethylene
- ▶ Black and clear bags available in each size
- ▶ Custom sizes available up to 70" wide, in gauges of .75-8.0 mil
